Step 3: An OTP will be sent to your phone number. Enter it.

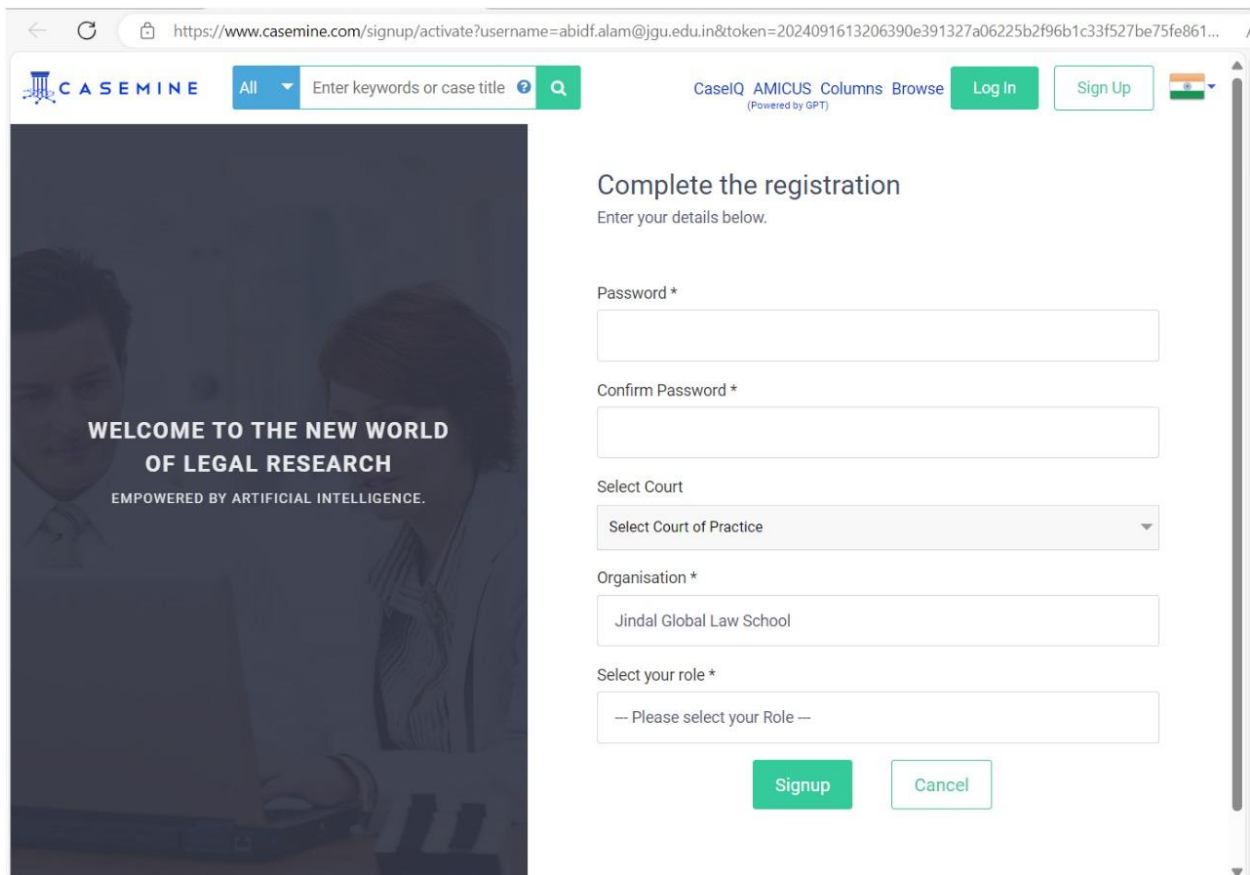

Step 4: An activation email will be sent to your JGU email ID.

Step 5: Go to you email inbox, and select the “Activate Your Account”

Step 6: Complete the registration by creating a password and entering the details. (Court selection not required). Then click on “sign up”.

Now you have access to CaseMine.

The screenshot displays the Casemine website interface. At the top, the browser address bar shows <https://www.casemine.com>. The header includes the Casemine logo, a search bar with the text "Enter keywords or case title", and a "Citation Search" button. On the right, there are dropdown menus for "Select Folder" (set to "CaseIQ"), "AMICUS", "Columns" (set to "AF"), and a language selector (set to "IN").

The left sidebar features a user profile for "Abid Fakhre Alam" with a green "AF" icon and a power button. Below this is a green box titled "Are you a practicing lawyer?" with a sub-header "Casemine now lets you enhance your digital presence by creating your unique profile and claiming the cases you have appeared in." and a "Click here to know more" button. At the bottom of the sidebar is a "My Folders" section with a "+ Add New Folder" button.

The main content area is titled "What Would You Like to do Today?". It features two primary options: "AMICUS (Powered by GPT)" with an "Ask Questions" button, and "CASEIQ" with an "Upload a document" button. Below these are sections for "RECENT CASES", "RECENT TASKS", "RECENT BOOKMARKS", "RECENT SEARCHES", and "RECENT DOCUMENTS".

Two light blue notification boxes are visible: one stating "There are no cases present. Please add some case to get results. Add New Case »" and another stating "There are no search results present for the related case. Know more »". A small inset window shows an email inbox for "Inbox - abidf.alam@jgu.edu...".
